In Gratitude To

This Book is dedicated to the following: To the God of Abraham: Who Is The God of Humankind, Our One and Only Lord and Saviour The Christ. This Book is dedicated to all souls who search for Him, our Lord God the Christ. An in particular to those whose writings of old still keep inspiring and education those on Earth. This book is produced and given as a testimony that: "The Lord He is God", and know that the Lord walks with us everyday, even if you do not see Him, He Is with us, He Is with those who ask for Him, for the Lord Is God of Humankind. These are not vain words, but are those words from those who know The Lord, His Ways, His Coming. The Order dedicates this Book to: to all those who have perished at the hands of ignorant men; To all those Wise Men who understood the difference between what is right and what is wrong; To those wise ones, who are ever present and let not fall civilization. This book is also dedicated to many countless others, whose names do not appear here but they know who they are. To all physicians, whose convictions regarding the soundness of principles set forth in this work, and whose fearless advocacy of Therapy based on these principles have been a constant source of encouragement and inspiration to many, this book is also dedicated.

"The Lord He Is God"

Has in the Oneness of the Living God, the Christ Our Lord and Saviours, so it is in the oneness of comprehension and understanding in which those points of truth these authors all conclude and agree upon. And as a result on which they all agree this book is produced and given as a testimony that: "The Lord He Is God", and the Lord walks with us everyday, even if you do not see Him, He is with us, He is with those who ask for Him for the Lord Is God of Humankind. These are not vain words, but are those words from those who know The Lord, His Ways, His Coming. And many others whose names do not appear here but they

know who they are. To all physicians, whose convictions regarding the soundness of principles set forth in this work, and whose fearless advocacy of therapy based on these principles have been a constant source of encouragement and inspiration to many, this book is also dedicated.

The collective knowledge generated from academic research summarized in various references has been critical in the creation of this published work, which is best viewed as a comprehensive compilation and collection of published information by many authors throughout the ages, as well as personal and clinical experience in the treatment of self and others. This work was possible only by the guidance and Light of Christ who Is God. Special thanks also to those who work with Him and help all of us. May each individual be able, to find his eternal truth, while on earth.

Credits and References

Although all credits and references were given to the best of our knowledge and information contained in the central archives of the Hospitallers Order of the Good News. If there is any errors or mistakes we kindly ask the reader to allow the knowledge of such items in order to rectify same in future editions of the present Book.

Health and Therapeutic Journals and Books

The present work rests upon the foundations of those civilization luminaries, men and woman of exceptional talent, intuition, and detailed observation. Furthermore it was a privilege to us, for them to have the dedication and time to write and publish their clinical findings. There is then a vast amount of Journals and Books devoted to the Health and Therapeutics. Of these printed records those from 1850 to 1950 in this one hundred year period we

specially encounter that the majority of what is to be known concerning disease its origin and its treatment and cure, where in fact correctly identified. These records, in their collective, contain timeless observations of which many remain permanent truths. These pearls are hidden from plain sight, only the adept or the initiated can identify them and pick one by one, from the surrounding confusion.

Sources

Apart from the Archives of the Hospitallers Order of the Good News Library, we are also very grateful to all libraries, who have kept books for the last 200 years, those of which by their keeping allowed the information on those books to survive, and be upon their withdrawn from their keeping available to purchase by the Order, and kept in its Archives and Library. The Hospitallers Order of the Good News, has therefore purchase many of this rare Books, many of which are not available, nor found in libraries, for this we thank The Lord who Is God, for having placed the same in keeping of the Order.

As sad it may be, that one is forced to place such a disclaimer, just serves to illustrate the state where the present civilization is at the moment.

A civilization founded on lies has no future, a civilization based on false or fake pretences has no future, a civilization that follows political correctness is fake by proxy. To sustain the present civilization is to sustain a lie. Thus the solution is to establish a new civilization, this if Humankind will ever have a chance to develop on Earth.
